

The Turkey Shoot is right around the corner in early November so please make plans to attend this great event. The kids learn gun safety and love shooting the BB guns and the bow & arrow. Of course no turkeys are ever harmed during the event, but your child could win a frozen turkey for your family if they are the sharpest shooter that day.

Princess Nation Winner

This is a come and go event, so you don't have to stay the entire duration; come and spend a couple of enjoyable hours. This is a unique event you won't experience anywhere else.

We will see you there!
